ABOUT ME

I am a Junior looking for an internship while studying Supply Chain Management at USF combining hands-on small business ownership with high-volume operational experience. Proven track record sourcing domestic and international materials, managing end-to-end production runs, and controlling inventory par levels in fast-paced environments. Detail-driven and adaptable, seeking to apply vendor management and logistical coordination to an impactful supply chain.

WORK EXPERIENCE

FOUNDER AND CEO

Teeny Theenys Boutique - (Aug 2019-May 2023)

- Directed end-to-end procurement and sourcing of fabrics and seamless files.
- Managed production and distribution to deliver an average of 40 custom units monthly, generating \$4,500 in recurring monthly revenue.
- Reliably fulfilled custom orders within a 3-week lead time, maintaining zero missed customer deadlines.
- Directed inventory control, cycle counting, and finished-goods fulfillment across a catalog of nearly 200 apparel SKUs.
- Supervised a team of 3 directing daily workflow to maintain 100% on time fulfillment rate.

BARTENDER

Stolis - (Apr 2018-Nov 2022)

- Managed inventory control for high volume bar making sure we didn't run out of anything.
- Forecasted weekly product usage
- Enforced strict First-In, First-Out (FIFO) rotation standards for perishable ingredients and high-value stock, minimizing spoilage and maintaining 100% health code compliance.
- Audited POS transactional data and daily sales figures, balancing cash and credit with high accuracy to protect revenue integrity.

BANQUET SERVER

Ameristar (July 2016-Nov 2018)

- Coordinated high-volume logistical staging and banquet execution for corporate events and private galas accommodating up to 500+ guests, consistently meeting tight service timelines.
- Managed floor layouts, equipment staging, and material flow between back-of-house kitchens and primary event spaces to eliminate service bottlenecks during peak dining rushes.
- Audited banquet event orders (BEOs) and inventory requisitions, cross-referencing headcounts, dietary requirements, and specialty supply par levels to prevent material shortages.
